The State is required to keep all the basic documents related to its contracts, including responses to solicitation, for a minimum of seven years. Failure to do so may result in the Contract Vendor being held in default. This consent requirement does not include reassignment of the contract due to a change in ownership, merger, or acquisition of the Contract Vendor or its subsidiary or affiliated corporations. This section shall not be construed as prohibiting the Contract Vendor's right to assign the Contract to corporations to provide some of the services hereunder as a subcontractor. Notwithstanding the foregoing acknowledgment, the Contract Vendor shall remain solely liable for all performance required and provided under the terms and conditions of the Contract for services provided by the Contract Vendor's subcontractors.

NOTICE TO RESPONDERS. Pursuant to Minn. Stat. § 270.65, subd. 3, Minnesota Contract Vendors are required to provide their Minnesota tax identification number and federal employer identification number (or Social Security number). Non-Minnesota Contract Vendors are required to provide their federal employer I.D. number (or Social Security number) only. These numbers will be available to federal and State tax authorities and State personnel involved in the payment of State obligations.

HAZARDOUS SUBSTANCES. To the extent that the goods to be supplied to the State by the Contract Vendor contain or may create hazardous substances, harmful physical agents or infectious agents as set forth in applicable State and federal laws and regulations, the Contract Vendor must provide the State with material safety data sheets regarding those substances. A copy must be included with each delivery.

The State does not agree to indemnify, defend, or hold harmless the Contract Vendor, the Contract Vendor's employees, affiliates, or any third parties that may be a beneficiary of the contract. The State does not agree to release the Contract Vendor, Contract Vendor's employees, affiliates or any third parties that may be a beneficiary of the contract from all liability under this contract. The State agrees that Contract Vendor, its principals, members and employees will be liable to the State for any actions, damages, claims, liabilities, costs, expenses, or losses in any way arising out of or relating to the goods provided or services performed hereunder for an aggregate amount \$2,000,000 or the Contract amount, whichever is greater. This limitation of liability does not apply to damages for

personal injury or death, or to Contract Vendor's obligation to indemnify, defend and hold the State harmless against intellectual property infringement claims under paragraphs included in the Solicitation or a resulting contract. This indemnification does not include liabilities caused by the State's gross negligence or intentional wrong doing of the State.

DEFAULT. A State purchase order constitutes a binding contract. All commodities furnished will be subject to inspection and acceptance by the requisitioning entity after delivery. No substitutions or cancellations are permitted without written approval of the State contracting agency. Back orders, defaults in contracted delivery, or failure to meet specifications in the purchase order and/or the solicitation authorize the State contracting agency to cancel the award or any portion of it, purchase elsewhere, and charge the full increase, if any, in cost and handling to the defaulting Contract Vendor. A Contract Vendor may be suspended or debarred from receiving awards for consistent failure to comply with the terms and conditions of the Contract, or for failure to pay the State for the cost incurred on defaulted Contracts.

CANCELLATION OF THE CONTRACT. The Contract may be cancelled by the State or the commissioner of Administration at any time, with or without cause, upon 30 days' written notice to the Contract Vendor. In the event the Contract Vendor is in default, the Contract is subject to immediate cancellation to the extent allowable by the applicable law. If an organizational conflict of interest is determined to exist, the State may, at its discretion, cancel the Contract. In the event the Contract Vendor was aware of an organizational conflict of interest prior to the award of the Contract and did not disclose the conflict to the State's authorized representative, the State may terminate the Contract for default. The provisions of this clause shall be included in all subcontracts for work to be performed, and the terms "Contract," "Contract Vendor," and "State's authorized representative" modified appropriately to preserve the State's rights.
